Beck Diet Solution Weight Loss Workbook Judith S. Beck, 2024-04-16 The Beck Diet Solution Weight Loss Workbook has a descriptive copy which is not yet available from the Publisher. [Feminist Theology and Contemporary Dieting Culture](#) Hannah Bacon, 2019-08-08 Hannah Bacon draws on qualitative research conducted inside one UK secular commercial weight loss group to show how Christian religious forms and theological discourses inform contemporary weight loss narratives. Bacon argues that notions of sin and salvation resurface in secular guise in ways that repeat well-established theological meanings. The slimming organization recycles the Christian terminology of sin, spelt Syn, and encourages members to frame weight loss in salvific terms. These theological tropes lurk in the background, helping to align food once more with guilt and moral weakness, but they also mirror to an extent the way body policing techniques in Christianity have historically helped to

cultivate self care The self breaking and self making aspects of women s Syn watching practices in the group continue certain features of historical Christianity serving in similar ways to conform women s bodies to patriarchal norms while providing opportunities for women s self development Taking into account these tensions Bacon asks what a specifically feminist theological response to weight loss might look like If ideas about sin and salvation service hegemonic discourses about fat while also empowering women to shape their own lives how might they be rethought to challenge fat phobia and the frenetic pursuit of thinness As well as naming as sin principles and practices which diminish women s appetites and bodies this book forwards a number of proposals about how salvation might be performed in our everyday eating habits and through the cultivation of fat pride It takes seriously the conviction of many women in the group that food and the body can be important sites of power wisdom and transformation but channels this insight into the construction of theologies that resist rather than reproduce thin privilege and size ist norms *Mademoiselle* ,1983 The Take Control Diet Ian Smith,2001 Discusses the causes of obesity health concerns in dieting exercise programs for various fitness levels and the role of metabolism and genetics in weight control *Farm Journal and Country Gentleman* ,1926 **Therapeutic Gazette** William Brodie,Francis Edward Stewart,John J.
